2196 W. Landis Ave.

5621: Best Western, W Deptford
98 Friars Blvd.

Negotiations, Day 2

HPAE Locals 5131 and 5621 put forward a comprehensive package of proposals on April 12th. The proposals included nurse to patient staffing ratios, limits for on-call, reducing reassignments and wage increases.

Both locals met with Hospital management for a second day of negotiations yesterday. We had substantive discussions on issues that included job postings, layoffs and involuntary cancellations.

We will be meeting again on April 27th and the Hospital has indicated to us that they will put forward proposals on BSN requirements, flu vaccinations and uniforms.

Your bargaining teams are committed to advocating for issues that are important to you. We remain united for safe staffing and the ability to provide the highest level of patient care.

We are stronger together and we care for South Jersey!
