Our HPAE sisters and brothers at Jersey Shore Local 5058 and Southern Ocean Local 5138 current contract expires on July 31st. Members have been attending bargaining sessions, including Palisades Local 5030 and Harborage Local 5097 members, fighting for a fair and just new contract. The following proposals will give our members what they deserve along with protecting our patients;

- Staffing improvements throughout the hospitals
- Improvements to health insurance coverage which would include lower out of pocket costs and greater access to healthcare providers
- A fair process for workers to form and join a union of their choice
- \$15 minimum wage for all HMH employees

We all know Hackensack Meridian has the resources to provide these improvements for our members while also protecting patient safety. HPAE was just able to achieve a new contract at Palisades Local 5030 with NOT ONE GIVEBACK.

HPAE Local 5030, and 5097 members stand together in solidarity to show management we want a fair contract for Locals 5058 and 5138 and that we are ready to take action to show our support!
