

LOCAL 5118 2024 Negotiations Information

Our 2024 contract negotiations will be like no other we have been through since organizing the union in 2000. The Labor Movement has seen a resurgence which comes with varied expectations. The culture is different in many ways and our focus as a Union must be different.

Our negotiating committee has committed to taking time away from their families, working their 36 hours a week and working as many additional hours as it takes to reach a tentative agreement with the hospital.

However, we need your support, involvement, and a show of solidarity to accomplish what we set out to do.

OPEN NEGOTIATIONS

We encourage you to attend as many of our negotiation sessions as possible. By attending, you will see and hear how this process works and you will show Cooper that we Stand United!

- ✚ **The first bargaining session will begin at 10:30. You must be signed in and seated by 10:15. The doors will close at this time, and no one will be permitted in once the session begins.**
 - ✚ **During the bargaining session, we ask that all members silence their cell phone and refrain from individual conversations.**
 - ✚ **When we “caucus”, Cooper will leave the room. Our committee will stay there to continue to do our committee work.**
 - ✚ **At this time, we will ask our members to please leave the room.**
 - ✚ **We will break for lunch then reconvene for the rest of the day. In the beginning the sessions may end around 4:00/5:00 pm. As we get into April and May they will go much later into the evening.**
