

Safe Staffing

SAVES LIVES

WHEN WE STAND TOGETHER, WE WIN!

Last night, Nurses from HPAE Local 5186 addressed the Jersey City City Council, asking them to pass an Ordinance (sponsored by Councilmen Solomon and Boggiano) to keep the Christ Land for Medical use Only!

We were joined by supporters from the community, including the **Sgt. Anthony Park Neighborhood Association**, **NJ Citizen Action**, City Council Candidates **Joel Brooks & Jake Ephros**, Assemblywoman-Elect **Katie Brennan**, members of **AFSCME 1199J**, and HPAE members from **Bayonne University Hospital**.

The Council passed the ordinance **Eight Yes – Zero No – One Abstention!**

This does not mean we are done. In order to be official, the ordinance must now be reviewed by the City Planning Board and voted on one final time by the council at their next meeting. We will still need to show up to those meetings.

If you have not already, please add your name to our public petition and share with your friends, family and neighbors: <https://actionnetwork.org/petitions/save-christ-hospital/>

Thank you to the Nurses who showed up, as well as our supporters in the Jersey City Community.
